**Structure, governance and management**

**Constitution**

The Mead Educational Trust is a company limited by guarantee (No. 09079258) and an exempt charity in accordance with the Academies Act 2010. The charitable company was incorporated on 10 June 2014.

The Mead Educational Trust changed its name from Rushey Mead Educational Trust on 19 July 2018.

The governance of the Trust is defined in the Memorandum and Articles of Association together with the funding agreements with the Department for Education (DfE). The Trustees of the Trust are the directors of the charitable company for the purposes of company law and the Trustees for the purposes of charity law.

The charitable company is known as The Mead Educational Trust.

Details of the Trustees who served during the year, and to the date these accounts are approved are included in the reference and administrative details on page 1.

**Members' liability**

Each member of the charitable company undertakes to contribute to the assets of the charitable company in the event of it being wound up while they are a member, or within one year after they cease to be a member, such amount as may be required, not exceeding £10, for the debts and liabilities contracted before they ceased to be a member.

**Trustees' indemnities**

TMET has opted out of the Department for Education's (DfE's) risk protection arrangement (RPA) scheme in favour of a comprehensive package of insurance with Zurich for all its converter and sponsored academies. The two new Free Schools (Brook Mead and Castle Mead Academies) are part of the DfE's risk protection arrangement (RPA) scheme as this is a requirement of the DfE. Trustees and officer indemnity is covered in the policies but it is not possible to quantify this element from the overall cost of the scheme as the insurance is costed on a per pupil basis.

**Method of recruitment and appointment or election of Trustees**

Trustees are appointed on the basis of skills, competencies and experiences following a skills audit and self-review by the Board. Some Trustees insurance Ashun ler i r basis a l

This committee meets at least four times per year.

**Education Committee**

This committee provides assurance to the Trust Board on the standards, performance and safeguarding of all schools within TMET. The committee monitors and evaluates pupil progress and attainment and the quality of teaching, ensuring the Trust provides a consistently high quality learning experience and delivers a broad and balanced curriculum in keeping with the Trust's aims and vision, all pupil needs and legal requirements.

This committee meets at least four times per year.

**Remuneration Committee**

This committee considers, determines and keeps under review a framework for the remuneration and terms and conditions of the Trust CEO and senior staff, both in individual schools and in the Trust Executive Team. The committee uses benchmarking evidence of the remuneration, benefits and incentives paid to senior staff in comparable employment and ensures the remuneration or other sums paid to senior staff do not exceed amounts that are reasonable in all the circumstances.

This committee meets once per year.

**Academy Councils**

Each school has its own Academy council. Each Academy council is a committee of the Trust Board and is given responsibility for detailed oversight of its school.

An Academy council is comprised of members appointed by the Trust, elected parents and staff and the principal. A school in special measures or causing concern may have a smaller Academy council, e.g. Orchard Mead Academy has done so since it joined TMET in September 2017.

The responsibility and levels of authority of The Academy Trust councils are set down in the Trust Scheme of Delegation and in the Academy Council Constitution and Terms of Reference. Schools that are in special measures or causing concern may have fewer delegated powers, e.g. the Academy council of Orchard Mead Academy has not had financial responsibilities since the school joined TMET in September 2017 to enable the Academy council to focus on educational provision, behaviour and safeguarding.

The key responsibilities of the Trust Board are to provide oversight of the Trust's financial performance and to ensure that the Trust has sufficient resources to meet its obligations. The Trust Board also has a duty to ensure that the Trust is governed in accordance with the Trust's governing documents and to ensure that the Trust is compliant with all applicable laws and regulations. The Trust Board also has a duty to ensure that the Trust is transparent and accountable to its stakeholders.

The Executive Team is the executive management arm of the Trust, focusing on operations and the educational performance of the Trust schools. The team operates under the leadership and direction of the Chief Executive Officer, who is also the Accounting Officer and, by virtue of their position, a Trustee. The Executive Team also includes the Deputy Chief Executive Officer (and Director of Education – Primary), Chief Financial Officer, Director of Education - Secondary, Director of Education – SEND and Inclusion, Executive Principal, Director of People and Organisational Development, Director of Trust Operations, Director of Governance, Director of the Leicester and Leicestershire Teaching School Hub and Director of SCITT.

During 2020-21 the Executive Team has been supported by other members of the Trust central team including the Executive Assistant, HR Adviser and Finance Team. In addition, consultants have been engaged over the year to provide additional, flexible capacity in HR and free school project management.

A centralised IT Team has been operating since September 2019 and a Trust Data Team was established during 2020-21.

The Executive Team and wider Trust central team work directly with the Academy Improvement Forum (principals), Operational Improvement Forum (business and Academy managers), staff in each school and the Academy councils to ensure that the required outcomes are achieved in accordance with the direction and vision of the Trust Board.

**Academy Improvement Forum**

The Trust school principals meet fortnightly in the Academy Improvement Forum (AIF). The meetings alternate between all principals together and the primary and secondary phases meeting separately. The Directors of Education for Primary and Secondary chair the separate meetings and the CEO chairs the joint ones. These meetings provide a very effective forum for professional dialogue and challenge, are integral to all school improvement activities and enable the principals to suggest developments to the Executive Team.

**Operational Improvement Forum**

All the Trust school business/Academy managers meet fortnightly with the Trust Chief Financial Officer, Director of Operations and other central staff as appropriate, in the Operational Improvement Forum. These meetings provide a very effective forum for professional dialogue and challenge, are integral to all school business activities and enable the business managers to suggest developments to the Executive Team.

**Arrangements for setting pay and remuneration of key management personnel**

The Trust's Pay Policy sets out the framework for making decisions on Trust employees' pay. It has been developed to comply with current legislation, the requirements of the School Teachers' Pay and Conditions Document (STPCD) and the National Joint Council for Local Government Services National Agreement on Pay and Conditions of Service ("Green Book") and in accordance with the principles of public life – objectivity, openness and accountability.

Pay decisions for Trust and Academy senior leadership posts are made by the Trust Remuneration Committee. The pay levels of the key management personnel are benchmarked against comparable positions at similar sized multi-Academy trusts.

**Engagement with suppliers, customers and others in a business relationship with the trust**

**Suppliers**

The Mead Educational Trust relies on external suppliers for a number of key services. As well as being important for our success, we believe that dealing with suppliers in the right way is the right thing to do.

The Trust actively engages with suppliers through the undertaking of appropriate procurement exercises, ongoing contract management processes and partnership engagement. The Board approved Procurement Policy sets out the procurement rules for the Trust which ensure that taxpayers' money is used in ways that are demonstrably open, fair, and good value. It requires that all suppliers are given an equal opportunity to seek business and to make competitive offers, and that spending choices and decisions are transparent and defensible.

The Procurement Policy expects good contract management with suppliers, building and maintaining a strong working relationship with the supplier and all with all relevant partners and stakeholders, checking that the scheduled goods, works or services are being delivered on time and to the required standards set out in the contract.

**Parents and carers**

The Trust actively engages with parents and carers of pupils via the individual schools' communications methods which include email, text and the use of online platforms such as Schoolcomms, Weduc and Dojo. These online platforms enable quick communication between staff and parents and one-to-one communications. They also provide translation options which is invaluable for many families in TMET schools. The communication apps really came into their own during the COVID lockdown from March 2020 when the majority of children were not attending school.

The Trust schools seek parent views via annual parent questionnaires and engage face to face (or online) with parents at parents' evenings and a wide range of other school events.

**Pupils**

Pupil views are gathered through a variety of routes such as pupil questionnaires, school councils and daily communications in class and in school in general.

**Others in a business relationship with the Trust**

11 of the 12 TMET schools are within Leicester City Local Authority (LA). The Trust purchases some services from the LA and has regular meetings with representatives from this LA. TMET considers itself and the LA to be strategic partners in that it works with the LA to develop solutions to meeting need in Leicester, for example the planning of three new DSPs (designated specialist provision units) during 2020-21.

The Trust has built a good relationship with the Regional Schools Commissioner to discuss performance of the Trust and of how it can work to support other schools in the area.

they are extending their programme until the end of December 2021. The DfE recognised that a small proportion of trainees required additional time to obtain QTS and they have provided additional funding to trainees and providers. Two trainees requested a deferral due to difficult personal circumstances and will re-join the course in 2021-22.

Key achievements:

90% of the SCITT NQTs are now working in Leicester/Leicestershire schools. One local school employed seven trainees.

Since 2013, the SCITT has trained 293 teachers.

We appointed a Lead Teacher Educator one day a week, to focus on developing Instructional Coaching and using the Walkthrus resources with our mentors. The DfE Core Content is asking for a different set of skills and knowledge from our mentors. A really good start was made last year with webinars and newsletters.

Notable achievements from trainees: an Art and Design trainee had an article published in SecEd online; and we had a few trainees whose PGCE assignments were worthy of publication.

This was the first year of delivery of the eighteen Lead Subject Tutor sessions, an increase from nine. This has been a significant development to ensure our trainees have strong subject knowledge.

'Together we make a positive difference' signifies our Trust's determination to leverage the strength and depth that we have across the Trust to ensure that all our schools provide an excellent education for all learners. The trustees are committed to improving the outcomes for all our pupils whatever their starting points and needs. This is driven by moral integrity and a mission to make a positive difference to the lives and life chances of our pupils, their families and communities.

The Trust provides the underpinning systems, structures and the internal and external networks to support the work in our schools, enabling them to prioritise their time on the teaching and learning strategies and outcomes at their schools. The central Trust team provides expertise to address issues and risks in a timely manner and to support school leaders to develop practice in their school.

Staff development is a key priority in the Trust. We deliver effective, progressive, professional development opportunities for all staff who work within our schools. Talent spotting and succession planning throughout the Trust is an essential contributor to staff recruitment, retention and development.

The Trustees are committed working for the benefit of the wider community. For example, working with the wider community of schools, our Teaching School provides professional development

**Plans for future periods**

The Trust has clear strategic ambitions built on its vision and values, at the core of which is the determination that 'together we make a positive difference'.

During 2020-21, the Trust Strategy for 2021-24 was developed and agreed by the Board. This is underpinned by six strategic priorities:

- Quality of Education – to provide learners with the best possible educational opportunities in order to meet their full potential
- Governance – to have highly effective governance
- Operational Effectiveness – to ensure that finance and operations promote effective school improvement
- Civic Responsibility – to make a significant difference to the educational landscape
- People and Culture – to deliver our vision through a high-performing, skilled and engaged workforce
- Brand – to position TMET as one of the leading educational providers in the East Midlands

The Trust Strategy and the plans that sit behind it set out how we will plan, guide and improve our Trust, ensuring there is a clear focus on raising standards and on improving leadership, governance, teaching and learning. We will also continue to develop a cost effective, sustainable organisation and a business model that delivers efficiency, effectiveness and economies of scale in order to free up more resources for pupils and school improvement. Our first phase of development concentrated on building capacity in order to realise our ambition to assist schools with greater needs, including full recovery where required. The Trust Strategy is taking us through our next phase of growth.

**Growth**

By 31 August 2021, the Trust was a well established, respected, cross phase school trust comprising 12 schools. We will continue to realise our vision to provide a high quality education for all children in the East Midlands.

Accountability:

Review and challenge of school educational performance and improvement information, including scrutiny of data.

Review and challenge of financial performance, including approval of budget, monitoring of Trust budget and oversight of outcomes of financial audits.

Scrutiny of pay recommendations of Trust senior leaders' salary levels and independent benchmarking report (through Board Remuneration Committee).

Consideration of the impact the Trust has had on its schools.

Attendance of Trustees at the Members' meeting in February 2021 where they were questioned about the effectiveness of governance in the Trust.

People:

Development of the Trust central team, including recruitment of the Trust Director of People and Organisational Development.

Significant development of the Trust's capacity to support school improvement through the establishment of an expanded School Improvement Team.

Attendance of the Board Chair and Vice Chair at the termly Chairs' and Vice Chairs' Forum to meet with the Director of Governance and all the Academy council chairs and vice chairs.

All new Trustees and Academy councillors attend Trust induction.

Good engagement with governance training provided by TMET and Teaching School.

Recruitment of new clerks for a number of TMET schools.

Structures:

The Board committees effectively fulfilled their roles.

A new Audit and Risk Committee was developed with a Trustee recruited to chair this committee.

Compliance:

Review of the Academies Financial Handbook 2020 and updating of practices and relevant policies to bring them in line.

A comprehensive QA system is carried out with reviews and audits of Trust and schools, including financial audits, Challenge Partner Reviews, Safeguarding reviews and website reviews.

Evaluation:

In 2021 the Board carried out a self-review of governance and engaged in a peer review of Trust governance with a school trust from the south of England. The outcomes from these evaluations has informed actions in the remainder of the 2020-21 year and have been used to develop the Governance Development Plan for 2021-22.

A review of local governance in the Trust was started in 2021 and has continued into the autumn term 2021. This review has involved the Trust Board, Executive Team, principals and Academy councils.

**Review of value for money**

As accounting officer, the Chief Executive Officer has responsibility for ensuring that the Academy Trust delivers good value in the use of public resources. The accounting officer understands that value for money refers to the educational and wider societal outcomes achieved in return for the taxpayer resources received.

The accounting officer considers how the Academy Trust's use of its resources has provided good value for money during each academic year, and reports to the Board of Trustees where value for money can be improved, including the use of benchmarking data where appropriate.

Centralisation of 'bespoke' business and management support with individual schools. The objective of any change has been to enable the school principals to fully focus on the core business of teaching and learning, raising standards, and achieving improved outcomes for pupils.

The following are examples of actions in 2020-21 to achieve better value for money across the Trust:

- Continued centralisation of the individual school bank accounts to improve the efficiency of operations and to enhance the controls around cash flow.

- Continued engagement of internal audit through Leicestershire County Council.

- Employment of Trust Director of People and Organisations Development overseeing HR functions and continued provision of external professional HR support.

- Ensuring the Trust business management arrangements are effective and efficient and enable the Trust to deliver its commitments, and to grow and prosper.

- Appointment of a management accountant to lead on the finance for secondary schools to bring a new level of consistency and expertise.

- Further development of the forums for principals, vice-principals, chairs and vice chairs and business/finance staff throughout the Trust to discuss and develop best practice.

**The purpose of the system of internal control**

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives. It can, therefore, only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of Academy Trust policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in The Mead Educational Trust for the year 1 September 2020 to 31 August 2021 and up to the date of approval of the annual report and financial statements.

**Capacity to handle risk**

The Board of Trustees has reviewed the key risks to which the Academy Trust is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The Board of Trustees is of the view that there is a formal ongoing process for identifying, evaluating and managing the Academy Trust's significant risks that has been in place for the year 1 September 2020 to 31 August 2021 and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the Board of Trustees.

**The risk and control framework**

The Academy Trust's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular, it includes:

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the Board of Trustees
- regular reviews by the Finance and Audit Committee of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes
- setting targets to measure financial and other performance
- clearly defined purchasing (asset purchase or capital investment) guidelines
- identification and management of risks

**INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON REGULARITY TO THE MEAD  
EDUCATIONAL TRUST AND THE EDUCATION AND SKILLS FUNDING AGENCY**

---

In accordance with the terms of our engagement letter dated 20 September 2021 and further to the requirements of the Education and Skills Funding Agency (ESFA) as included in the Academies Accounts Direction 2020 to 2021, we have carried out an engagement to obtain limited assurance about whether the expenditure disbursed and income received by The Mead Educational Trust during the year 1 September 2020 to 31 August 2021 have been applied to the purposes identified by Parliament and the financial transactions conform to the authorities which govern them.

This report is made solely to The Mead Educational Trust and ESFA in accordance with the terms of our engagement letter. Our work has been undertaken so that we might state to The Mead Educational Trust and ESFA those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than The Mead Educational Trust and ESFA, for our work, for this report, or for the conclusion we have formed.

**Conclusion**

In the course of our work, nothing has come to our attention which suggest in all material respects the expenditure disbursed and income received during the year 1 September 2020 to 31 August 2021 has not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 AUGUST 2021**

---

**1. Accounting policies**

A summary of the principal accounting policies adopted (which have been applied consistently, except where noted), judgments and key sources of estimation uncertainty, is set out below.

**1.1 Basis of preparation of financial statements**

The financial statements of the Academy Trust, which is a public benefit entity under FRS 102, have been prepared under the historic cost convention in accordance with the Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102), the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)), the Academies Accounts Direction 2020 to 2021 issued by ESFA, the Charities Act 2011 and the Companies Act 2006.

The Mead Educational Trust meets the definition of a public benefit entity under FRS 102.

**1.2 Going concern**

The Trustees assess whether the use of going concern is appropriate i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the Academy Trust to continue as a going concern. The Trustees make this assessment in respect of a period of at least one year from the date of authorisation for issue of the financial statements and have concluded that the Academy Trust has adequate resources to continue in operational existence for the foreseeable future. Despite the global pandemic which was ongoing at the balance sheet date and subsequently, there are no material uncertainties over the Academy Trust's ability to continue as a going concern. Thus the Trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

**1.3 Income**

All incoming resources are recognised when the Academy Trust has entitlement to the funds, the receipt is probable and the amount can be measured reliably.

**Grants**

Grants are included in the Statement of Financial Activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the Balance Sheet. Where income is received in advance of meeting performance-related conditions there is not unconditional entitlement to the income and its recognition is deferred and included in creditors as deferred income until the performance-related conditions are met. Where entitlement occurs before income is received, the income is accrued.

General Annual Grant is recognised in full in the Statement of Financial Activities in the year in which it is receivable and any abatement in respect of the year is deducted from income and recognised as a liability.

Capital grants are recognised in full when there is an unconditional entitlement to the grant. Unspent capital grants are not an asset of the Academy Trust.

**1. Accounting policies (continued)**

**1.3 Income (continued)**

**Donated fixed assets (excluding transfers on conversion or into the Academy Trust)**

Where the donated good is a fixed asset it is measured at fair value, unless it is impractical to measure this reliably, in which case the cost of the item to the donor should be used. The gain is recognised as 'Income from Donations and Capital Grants' and a corresponding amount is included in the appropriate fixed asset category and depreciated over the useful economic life in accordance with the Academy Trust's accounting policies.

**1.4 Expenditure**

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

**Expenditure on raising funds**

This includes all expenditure incurred by the Academy Trust to raise funds for its charitable purposes and includes costs of all fundraising activities events and non-charitable trading.

**Charitable activities**

These are costs incurred on the Academy Trust's educational operations, including support costs and costs relating to the governance of the Academy Trust apportioned to charitable activities.

**Grants payable**

**1.7 Taxation**

The Academy Trust is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes.

Accordingly, the Academy Trust is potentially exempt from taxation in respect of income or capital gains received within categories covered by Part 11, chapter 3 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

**1.8 Tangible fixed assets**

Assets costing £500 or more are capitalised as tangible fixed assets and are carried at cost, net of depreciation and any provision for impairment.

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the Balance Sheet at cost and depreciated over their useful life.

**2. Critical accounting estimates and areas of judgment**

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Academy Trust makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

**Defined benefit pension scheme**

The present value of the Local Government Pension Scheme defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in the present value calculation are:
